Hardscrabble Day is a village-wide festival. Parking is available on side streets, Middle and High School lots. Rest room facilities for handicapped and regular use are provided at the Village Lot area near the main stage, on Broadway, and at the KidScrabble area. Handicapped parking is available at Key Bank lot. We encourage reducing your carbon footprint by carpooling or biking in.

Yes, September 24th is Hardscrabble Day and it's also *Moving Planet Day*, an international day of celebration and commitment to move us all off fossil fuels. As part of Red Hook's ongoing 10% Challenge, the Village and Town are participating in *Moving Planet Day* by unveiling new ArtBikeRack designs in a daylong celebration that will coincide with Hardscrabble Day.

People are encouraged to attend the celebrations on their bikes. There will be a bike decorating contest, a chance to comment on the Climate Action Plan, a bike raffle and much more. For more information, visit redhookchallenge.org. To learn more about the regional 10% Challenge, visit sustainhv.org.
